

Review Your Telecommunications Lately?

Telephone Services Agreement

This Telephone Services Agreement – Terms and Conditions (and all applicable addenda attached hereto, collectively, the “**T&C**”) is made by and between the Customer and, as applicable, Dinosaur Telephone (“**DinoTel**”) for the Services identified by Customer’s Master Service Agreement or other order information (collectively, the “**MSA**”) (collectively, the **T&C** and the **MSA** will be referred to herein as the “**Agreement**”). Customer understands and agrees (a) the Services are being provided subject to the terms of this Agreement and the **MSA** (including any addenda and amendments hereto or hereinafter), (b) the terms of this Agreement shall be incorporated into any **MSA** executed by the Parties and the Parties’ signature on such **MSA** shall be evidence of the Parties’ adoption of the terms of this Agreement for each **MSA** and (c) this Agreement shall supersede and replace any prior Agreement– Terms and Conditions between the Parties and as applicable to any agreement. **DINOTEL** will be responsible for providing certain services and products to Customer pursuant to this Agreement. Customer may submit one or more

orders for service, equipment or materials to **DINOTEL**, specifying (a) certain network services ordered from **DINOTEL**, including but not limited to local, long distance (including international long distance), or data telecommunication services, and other related telecommunications services at the physical locations identified along with a separate term commitment for each (b) certain equipment or materials, whether sold, licensed or leased to Customer, which may be required in connection with the Services (collectively, the “**Products**”), (c) delivery location of the Services or Products (the “**Premises**”), (d) prices for the Services or Products in connection, (e) term or volume commitments for the Services or Products in connection, (f) whether the Products are to be sold, leased, or licensed, (g) the estimated percentage of international long distance calls that the Customer will terminate, and (h) other appropriate terms as applicable to the Services or Products. This Agreement controls the Customer’s present and future orders for Services and all provisions of such orders for the Services as if set forth herein.

Maybe it’s time. With the rapid pace that business and technology evolves, you might not be getting the value you deserve from your telecommunications provider. Interested? Give us a call. We’ll provide a free, no obligation evaluation of your current needs. Then, take you step-by-step through what Cavalier can do to maximize your productivity and lower your telecommunications expenses without sacrificing quality.

Who Is Cavalier?

Cavalier Telephone is a Competitive Local Exchange Carrier (CLEC) headquartered in Richmond Virginia and operating across the mid-Atlantic region. We have invested over \$215 million building a private state-of-the-art telecommunications network utilizing best-in-class technology. By making the investment in our own network, we avoid the huge overhead of the incumbent telephone company. This enables us to pass significant savings on to you.

What does Cavalier offer?

Voice Solutions – Cavalier Business Communications' offers a comprehensive suite of voice product solutions. We understand the competitive nature of business and provide tools that allow you to stay ahead of the pack and keep a sharp eye on the bottom line.

Data Solutions – Rapid access to data and the exchange of information has never been more critical to business success. Cavalier Business Communications provides a long list of smart, flexible, scalable data solutions designed with your business in mind.

Voice over Broadband (VoIP) – The Phonom VoIP product brings broadband internet and phone service together to deliver digital voice services, advanced features and significant savings to businesses of all sizes.
